

MULTIFUNCTIONAL MEAT THERMOMETER

Digital Food Thermometer Meat Thermometer Instant Read °F/°C Foldable Probe Auto On/Off Food Cooking Thermometer for Grilling BBQ Kitchen Milk Etc

- **【Durable Material】** The grill thermometer adopts food-grade stainless steel probe and ABS plastic shell , the probe can directly contact food and durable, comfortable to hold, light and portable.
- **【Accurate Measurement】** The cooking thermometer has a stainless steel temperature probe and a high-precision sensor, which can get the internal temperature of the food in seconds, the temperature measurement range is $-50-300^{\circ}\text{C}/-58-572^{\circ}\text{F}$, and the temperature measurement accuracy is $\pm 0.8^{\circ}\text{C}$.
- **【LCD Display】** Insert the probe into the food, the LCD digital display will display the accurate and easy-to-read temperature, with a data hold button for better reading of the measured temperature, $^{\circ}\text{C}/^{\circ}\text{F}$ temperature unit can be switched.
- **【Easy to Use and Convenient to Store】** You can turn on the food thermometer just by opening it. There is a magnet design on the back, which can be adsorbed on the refrigerator or other iron surfaces, convenient to place, foldable, easy to store, and not easy to damage.
- **【Wide Application】** The food thermometer is long enough to prevent you from burning your hands while measuring. The cooking thermometer comes with recommended temperature charts for various meats, including beef, fish, pork, chicken, etc. It is a practical tool for cooking and grilling, home kitchen, barbecue, etc.
