

5 in 1 TEST STRIPS

- Total Hardness
- Free Chlorine
- Cyanuric Acid
- Total Alkalinity
- PH

So far, we have established strategic partnership with more than 50 countries and are gaining recognition all over the world.

POOL & SPA TEST STRIPS

5 in 1
100 Strips

EASY TO READ

Warning

- 1. Keep well away from children.
- 2. Avoid touching the test strips.
- 3. Close cap immediately after removing a strip.
- 4. For best results, use natural daylight.
- 5. Store in a cool, dry place.

Instructions

- 1. Immerse the strip in the water for 30 seconds.
- 2. Do NOT shake the strip to remove water.
- 3. Compare the color change immediately to the color chart.

Total Hardness ppm	0	100	250	500	1000
Free Chlorine (Bromine) ppm	0 (0)	0.5 (1)	1 (2)	3 (6)	5 (10)
Cyanuric Acid ppm	0	30-50	100	150	240
Total Alkalinity ppm	0	40	80	120	180
pH	6.2	6.8	7.2	7.8	8.4

For best results, pH must be between 7.2 and 7.8
