

IP65 Waterproof

Wash under running water, clean up takes seconds

Super Fast

3-4 Second Response Time

Highly Accurate

$\pm 0.9^{\circ}\text{F}$ ($\pm 0.5^{\circ}\text{C}$)

Measure Anything!

Wide Temp Range: -58°F - 572°F

Long Probe

Keep Hands Away from Heat!

Brand	ThermoPro
Special Feature	Non Stick
Age Range (Description)	Adult
Included Components	ThermoPro TP19H Digital Meat Thermometer, ThermoPro TP932 BBQ Grill Mat Set of 2
Outer Material	Stainless Steel
Display Type	LCD
Product Care Instructions	Wipe Clean
Power Source	Battery Powered
Reusability	Reusable
Indoor/Outdoor Usage	Outdoor
ASIN	B0BQ2683ZW
Best Sellers Rank	#1,208,149 in Patio, Lawn & Garden (See Top 100 in Patio, Lawn & Garden) #1,379 in Grill Pads & Floor Mats
Date First Available	December 14, 2022

Features:

1. **Ambidextrous backlit display:** Grilling thermometer features Auto-Rotating Display intuitively flips right side up, making this turkey thermometer the perfection solution for those awkward angles and left-hand users; 2.0 inches large backlit screen provides superb clarity in low light conditions
2. **Motion sensing on/off/sleep/wake:** Chef thermometer is always ready on during use, engineered with advanced motion sensing technology which powers on when the probe opened, powers off when closed, instantly wakes when picked up and sleeps when set down to save battery power; Up to 3000 hours with included 3A battery

- 3. IP65 waterproof and magnet:** The candy thermometer has a IP65 waterproof rating, you can wash the liquid thermometer under running water with no concerns; An internal Magnetic back to allow you to easily attach to refrigerator or any metal surface and a hang hole for your kitchen hooks or a lanyard
- 4. Fast and accurate reading:** Cooking thermometer features 4.3 inches food grade stainless steel probe with a precise sensor provides 3-4 seconds response time with an accuracy of ± 0.9 degree Fahrenheit (± 0.5 degree Celsius), stop leaning over a hot surface and measure any type of food temp with the instant read thermometer
- 5. Lock and Calibration:** Digital meat thermometer features Lock Function to lock the temperature on the display, so you don't need to linger too long near the heat; Calibration function adjusts your grill thermometer probe sensor back to the correct accuracy, making it kitchen thermometer which lasts a lifetime
