

Drinking Water Test Strips (16 in 1) Comprehensive Water Quality Analysis

Description

Total Hardness PPM	25	50	120	250	425		
Free Chlorine PPM	0.5	1	3	5	10		
Iron PPM	5	10	25	50	100	250	500
Copper PPM	0.5	1	3	10+			
Lead PPM	20	50	100	200	500		
Nitrate PPM	10	25	50	100	250	500	
Nitrite PPM	1	5	10	20	40	80	
MPS PPM	1	2	6	10	20		
Total Chlorine PPM	0.5	1	3	5	10		
Fluoride PPM	10	25	50	100+			
Cyanuric Acid PPM	10	50	100	250			

Ammonia Chloride PPM	100	150	250	500			
Bromine PPM	1	2	6	10	20		
Total Alkalinity PPM	40	80	120	180	240		
Carbonate PPM	40	80	120	180	240		
PH	6.0	6.4	6.8	7.2	7.6	8.2	9.0

- **Multi Parameters Drinking Water Test Strips 16 In 1**
- **16 in 1 water test kit is the perfect solution for a complete water 'check-up' before consumption, keeping you and your family safe. It is easy to use, provides quick and accurate to results in 1 minute.**
- **As rapid and affordable test products, Drinking Water Test Strips 16 In 1 adopts new chromogenic agents and use highly sensitive chromogenic reaction activators to perform semi-quantitative analysis of water parameters. Also, the test strips have Polymer Hydrophobic Isolation technology to prevent cross-pollution.**
